New York State Restaurant Association has arranged for special pricing on UVeritech security products. These same scanners are used by America's largest banks and retail chains to protect themselves against fraud losses. The Fraud Fighter™ UV-16 counterfeit detection scanner, which normally retails for \$129, can be purchased with this order form for the special price of only \$78.

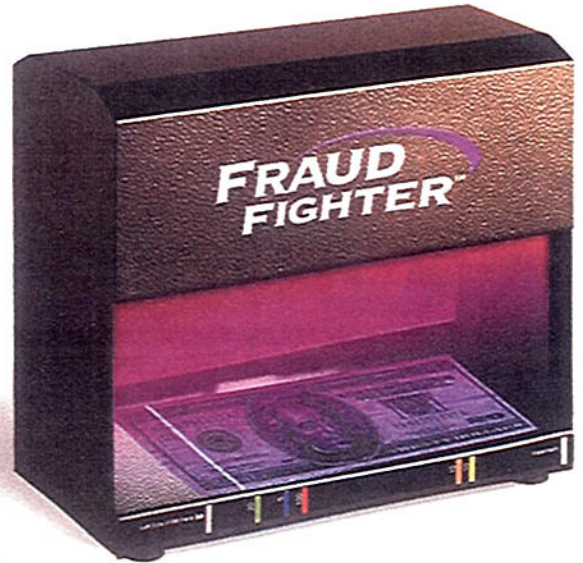

This simple device is placed next to the cash register where the cashier is able to verify currency, credit cards, driver licenses, and a variety of other important items at the POS - without slowing the transaction process or offending your customers!
